Dear colleagues,

It is a great honor for the city of Iași, Romania's oldest university center, to host the **48th Congress of Conventus Societas ORL Latina**, an event bringing together a wide international audience, to be held from 1 to 3 October 2026.

We warmly welcome you to our beautiful city. This Congress is held under the auspices of the Royal Family of Romania and is organized under the auspices of the Romanian Society of Otorhinolaryngology and Head and Neck Surgery, the Romanian Rhinology Society, the Romanian Society of Audiology and Communication Pathology, and Societas ORL Latina, with the support of the "Grigore T. Popa" University of Medicine and Pharmacy of Iași, Apollonia University of Iași, and the Romanian College of Physicians.

The scientific program is comprehensive, covering the full range of expertise in otorhinolaryngology and head and neck surgery.

We hope this meeting will prove valuable to all attendees, offering an excellent opportunity to learn about the latest advances in the field, both nationally and internationally. The scientific and collegial spirit of the Congress is further enhanced by its setting: Iași is one of Romania's cities with the richest cultural and spiritual heritage and is renowned for its hospitality.

We hope that, in an atmosphere of academic rigor, harmony, and mutual understanding, this Congress will stand as a highlight of scientific events in our field and a moment of true cohesion among otorhinolaryngologists.

Welcome to Iași!

With warm regards,

Prof. Dr. Emeritus Mihail Dan Cobzearu
President of the 48th Congress of Conventus Societas ORL Latina

48th CONGRESS CONVENTUS SOCIETAS ORL LATINA

EVENT GENERAL INFORMATION

Location

Palace of Culture, Iași

Date

October 1st-3rd, 2026

Official Event Website: <https://www.congressorllatina.ro>

Official Event Email: orllatina@aspro.com.ro

Continuing Medical Education

- The event is accredited with **16 CME credits** by the Romanian College of Physicians.

Certificate of attendance

- Each participant will receive a Certificate of attendance. Eligible medical doctors will receive a certificate including the **16 CME credits**, subject to physical attendance at the scientific sessions.
- Participants who pay the event participation fee but do not physically attend the scientific sessions will not be eligible to receive CME credits.
- The Certificate of Participation will be sent by email and will also be available for download from the Event website, under the "Participation Certificates" section, approximately 3-4 weeks after the event.

Event Kit

- Each participant will receive the Event Kit upon registration. The Event Kit includes the program, promotional materials from partners and the Access Badge.

Media Policy

- Photographs and video recordings taken during the event may be published on the event website, social media channels and other communication materials. By attending the event, participants acknowledge that they may appear in such materials.

Liability and insurance

- The Event operator will not assume responsibility for injury and/or damage involving persons or property during the event. All participants are advised to prevent/avoid any injury/loss.

Safety Instructions

- During the Event, please maintain appropriate behavior. Organizers may deny access to individuals who disrupt the smooth running of the Event. Any individual who causes damage to the venue will be held responsible.
- Participation in the Event is voluntary. Neither the venue nor the organizer accepts any responsibility for loss, theft, disappearance of belongings, or personal injuries.
- Please be aware that the entire event location is under VIDEO surveillance.

Lost and found

- If you lose an item, please contact the Event Organizing Team. If the item is found and handed in to the Event Registration Desk, you can collect it there.

Mobile Phone

- Mobile phones must be set to "**Silent**" mode during the scientific sessions.

Registration fee includes:

- Admission to all scientific sessions; Access to the exhibition area; Event Bag with Event materials; Catering; Electronic Certificate of attendance with CME credits.

Access:

- **Access to the Event** venue is strictly limited to participants (healthcare professionals) and exhibitors (partner companies).
- All attendees are kindly requested to **wear their badge visibly at all times inside the venue**. Each participant badge contains a unique QR code, which must be scanned daily when entering and leaving the venue where the scientific sessions take place. Please note that wearing the badge is mandatory for entry into the event area. Failure to do so may result in denial of access.
- Your participation in the scientific program will be monitored through badge scans for the purpose of awarding CME credits.
- Access to **catering** will be based on the participant **badge** or a **voucher**, as applicable. The access arrangements will be communicated at registration.

VENUES & LOCATIONS

Congress Venue - PALACE OF CULTURE – 1 Ștefan cel Mare și Sfânt Blvd., Iași 700028, Romania

Scientific Sessions:

- „Voivodes” Hall – 1st Floor
- „Petru Caraman” Hall – 1st Floor
- „Ștefan Procopiu” Hall – Ground Floor

Info & Registration: 1st Floor Foyer

Exhibition Area: 1st Floor Foyer

Coffee Break: 1st Floor Foyer

Lunch Venue - PALAS CONGRESS HALL IAȘI – 7A Palas Street, 2nd Floor, Iași 700028, Romania

Official Opening & Welcome Cocktail - IAȘI NATIONAL THEATRE – 18 Agatha Bârescu Street, Iași 700074, Romania

Official Congress Dinner - CASTEL BALLROOM - LA CASTEL – 2 A-D-E Mihail Sadoveanu Alley, Iași, Romania*

*A shuttle service will be available for transportation to and from the Official Congress Dinner. Boarding details will be communicated at the Registration Desk and in the WhatsApp group.

CEL MAI PUTERNIC ANALGEZIC DIN PORTOFOLIUL NUROFEN*

Tehnologie inovatoare
Synchro-Tech ce oferă
eliberare, dizolvare rapidă
și simultană a substanțelor
active¹⁻³

Începe să se absoarbă în
5 minute^{**1,3} cu ameliorare
perceptibilă confirmată a
durerii la **15 minute**^{1,4}

Ameliorează
dureria pentru până
la **9 ore**^{1,4}

*În ceea ce privește eficiența, conform studiilor randomizate dublu-orb, placebo controlate cu combinația, folosind modelul durerii dentare postoperatorii, combinația oferă o ameliorare mai eficientă a durerii decât ibuprofenul 400 mg ($p < 0,05$), cu rezultate semnificative dpdv clinic și statistic. În cadrul unui alt studiu clinic randomizat, dublu-orb, controlat, efectuat cu medicamentul în tratamentul durerii cronice de genunchi, s-a demonstrat o ameliorare mai eficientă a durerii decât o combinație de ibuprofen 400 mg și fosfat de codeină 25,6 mg ($p = 0,0001$)¹. **niveleuri plasmatice detectate pentru ibuprofen/paracetamol începând cu primele 5 minute¹.

Rolul central al epiteliului în RSCcPN

Epiteliul nazal este alterat semnificativ în rinosinuzita cronică însoțită de polipoză nazală (RSCcPN), având un rol esențial în patogeneza acestei afecțiuni.¹

PRR = receptor de recunoaștere a tiparelor moleculare

Alterarea epitelului amplifică inflamația și este esențială în formarea polipilor nazali:*

- A** Afectarea epitelială declanșează proliferarea și tranziția celulelor epiteliale la celule mezenchimale care modifică procesele inflamatorii și de remodelare^{5,6}
- B** TSLP și IL-33, eliberate de epiteliu, determină mai multe procese în cascadă implicate în patogeneza RSCcPN, inclusiv activarea mastocitelor și producția de IL-4, IL-5 și IL-13²
- C** Mastocitele și bazofilele mediază apariția edemului mucoasei, ceea ce cauzează extravazare plasmatică la nivel nazal²
- D** Rețeaua de fibrină reticulată formează o matrice densă, capabilă să capteze proteinele plasmatică și să contribuie la apariția edemului^{2,3}
- E** Valorile crescute ale IL-4 și IL-13 suprimă expresia tPA, reducând capacitatea acestuia de a descompune rețeaua de fibrină^{2,7}

IL, interleukină;
TSLP, limfopoeitina stromală timică;
tPA, activator tisular al plasminogenului

*Rolul IL-25 în formarea polipilor nazali necesită clarificări suplimentare.
